

Dual Teflon seats combined with chrome plated balls provide greater durability and extended life.

Ball Valves

NYAB's ball valve designs have undergone extensive heat, cold and chemical testing to ensure durability for flawless performance.

- Dual Teflon seats provide greater durability and longevity
- Chrome-plated balls reduce friction
- Tapped valve bodies eliminate the need for washers or nuts
- Handles are zinc plated and rust resistant
- Locking handles feature stainless steel springs

*Available in ¼ turn shut-off
and locking handle shut-off models*

❑ Available Options

- Sizes include 3/8, 1/2, 3/4, 1, 1-1/4 and 1-1/2"
