

## ***Hatch Lock***

*NYAB's Hatch Lock, designed for covered hopper freight cars, is made from durable heavy gauge steel and will provide long-lasting security to trough and round hatch covers.*

Key Hatch Lock Features:

- Used on both trough and round hatch covers.  
Cover will not spring open upon release of lock.
- Durable, heavy gauge steel with black phosphate finish.  
Stainless steel Hatch Lock also available.  
(Steel part no.: 793454 / Stainless steel part no.: 793466)
- Seal hole provided
- Easy one-hand operation

*Hatch Lock is ideally suited for both trough and round hatch hopper cars, adding an additional measure of hatch security when cars are in transit or stationary – while easing access when required.*
